ROAD REPORT

Mike will have rough figures for Celeste by Weds.

Posts with reflectors have been delivered to mark the culverts. Culvert Map  
should be complete.

The town has a salt contract with the State, but Mike has located salt for a  
lesser price and will continue to purchase it if possible. The state salt will be  
a backup.

It was noted that people have not been getting a hold of Tom as road liaison.  
Perhaps new posters are in order.

Road Sanding Schedule needs to be retyped. Last year the Wuerslin Rd was moved  
from 8th place to 2nd. No other changes made.  
The Town Clerk will be asked to do this.

Meeting adjourned 8PM

Respectfully submitted, Suzanne dePeyster
