Reviewed June 4, 2018 Minutes:

West Rd Dry Hydrant: Mike will contact Jamie Paustian, Fire Chief, to get the Hydrant tested.

Sheriffs Contract: to be discussed in July.

Grants: The Town has sent a Grants-in-Aid letter to BCRC. This Grant should cover the cost of culvert erosion problems on West Rd.

Fuller Paving has submitted a bid of \$83,810.24 to place 1 inch coating of asphalt over paved portion of West Sandgate Road. Tom moved to accept Fuller quote. All agreed. The broken pavement at the top of the Notch will be fixed before the asphalt coating. Town will remove the ruined section, make drainage ditches and install culverts, then Fuller will put down 4 inches of base asphalt on top of that. The 4 inches of pavement on top of the culverts should prevent future damage. The 4" pavement cost is included in the bid. Mike will request that the State not paint the road lines until the asphalt job is done.
